

*City*Presets

Installation Guide

Please, rate my item if you **like it!**

This allows me to **continue** development!

I will do it now!

<http://videohive.net/downloads>

1 Close After Effects

2 Download the My Preset Gallery plugin

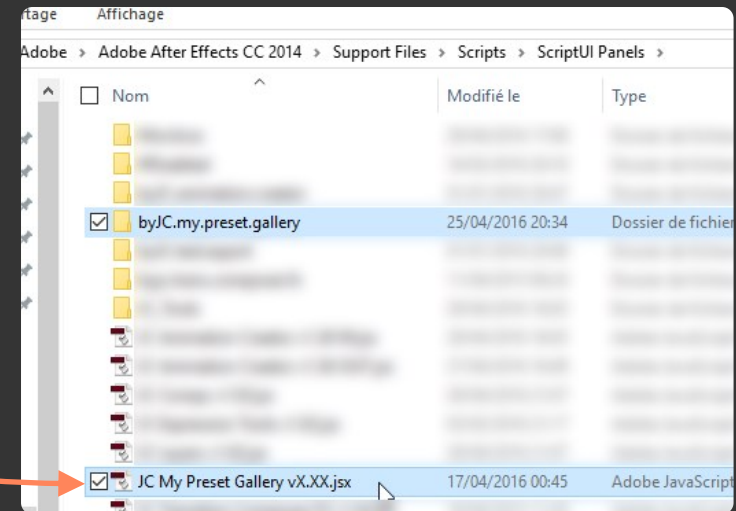

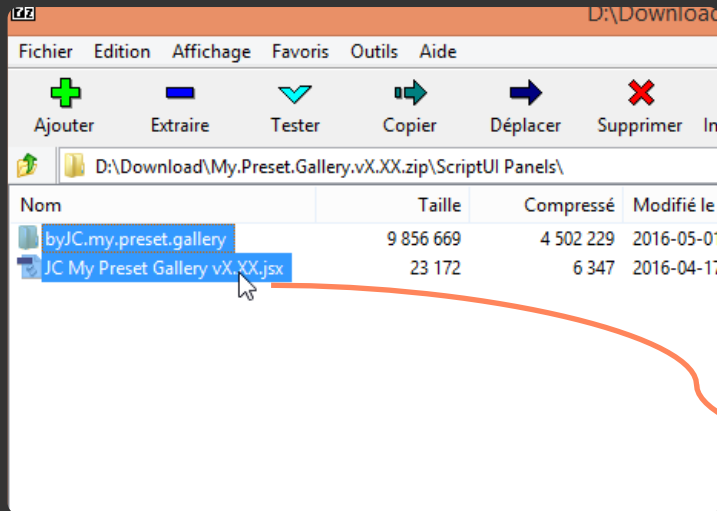

<http://aescrpts-byjc.com/after-effects-plugins/after-effects-plugin-my-preset-gallery>

3 Extract the contents of the ScriptUI Panels folder in the ScriptUI Panels folder of Adobe After Effects

On Windows this folder is located in: «[After_Effects_Install_Path]/Support Files/Script/ScriptUI Panels/»

On Mac Os this folder is located in: «[After_Effects_Install_Path]/Scripts/ScriptUI Panels/»

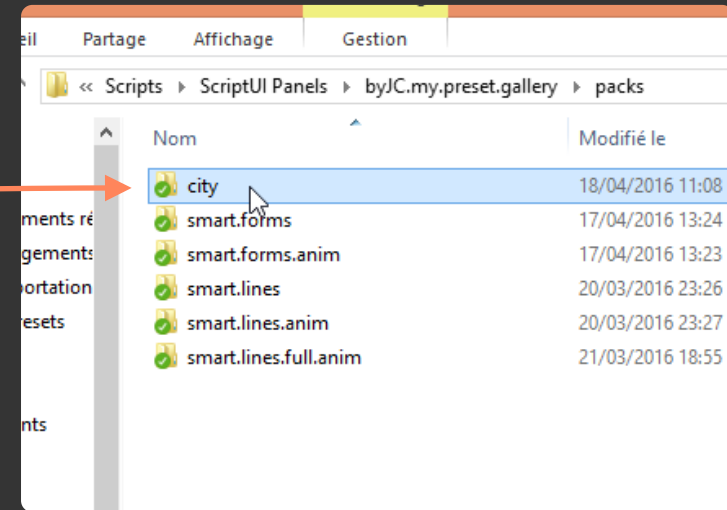

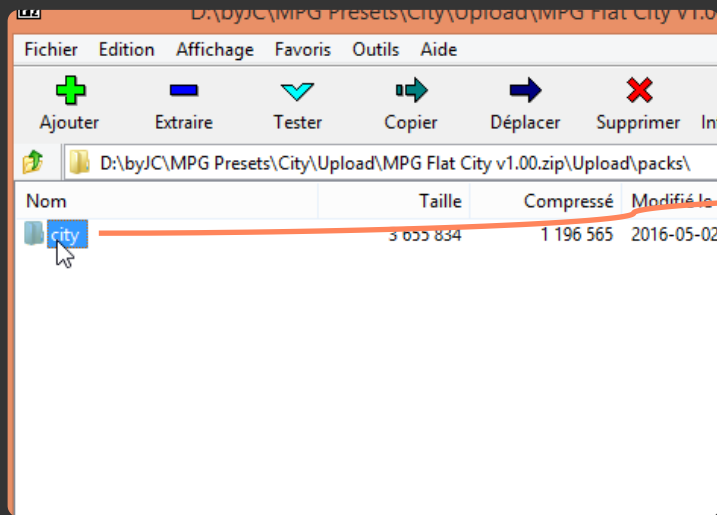

4

Extract the contents of the **packs** folder in the **packs** folder of **My Preset Gallery**

On Windows this folder is located in: «[After_Effects_Install_Path]/Support Files/Script/ScriptUI Panels/byJC.my.preset.gallery/packs»

On Mac Os this folder is located in: «[After_Effects_Install_Path]/Scripts/ScriptUI Panels/byJC.my.preset.gallery/packs»

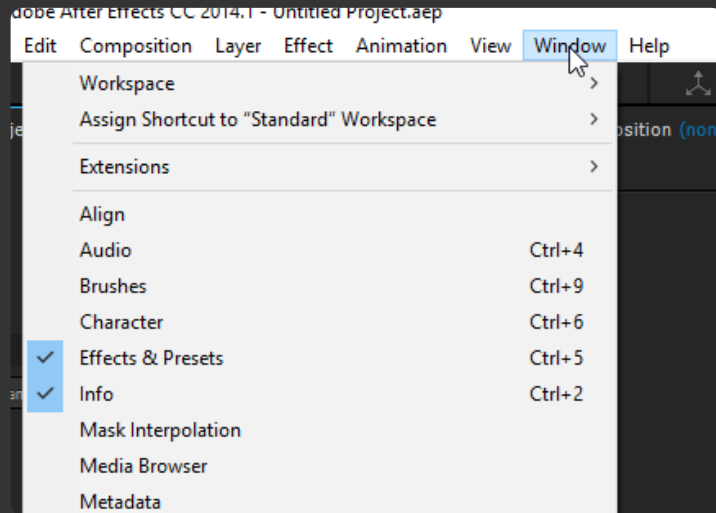

5

Open After Effects

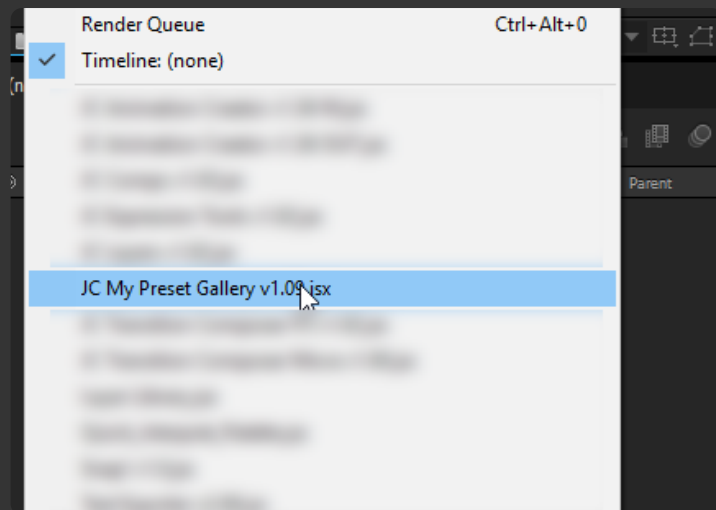

6

Go to **Window** menu

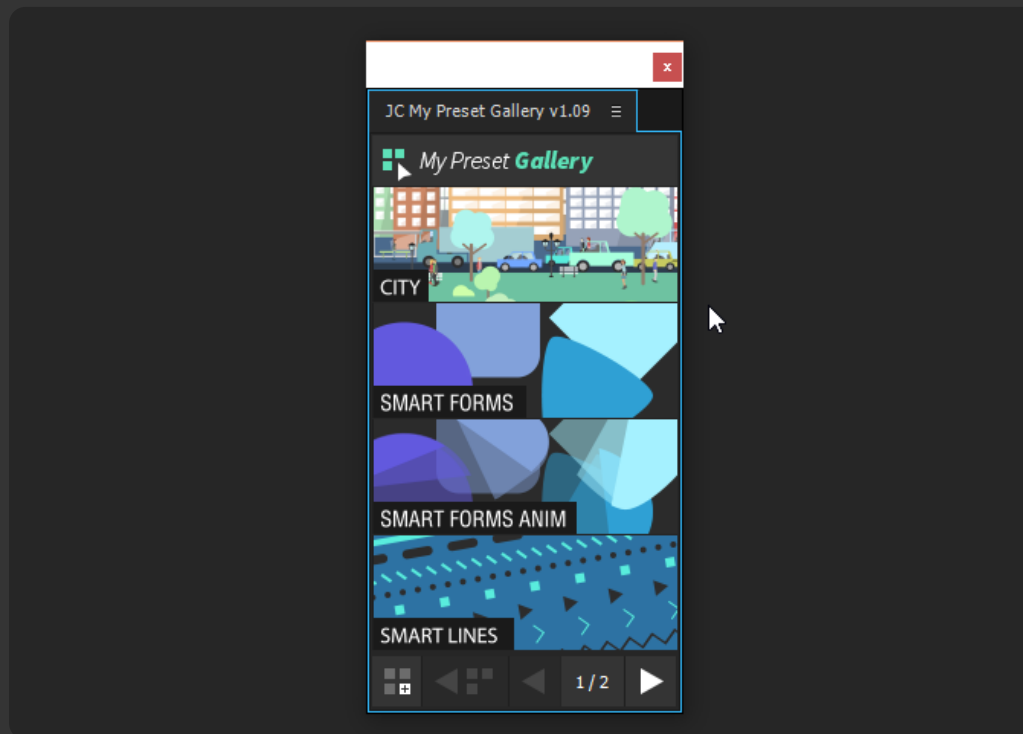

7

Enabled **JC My Preset Gallery**

Enjoy!
