

VCE 题库打开软件 Visual CertExam 详细使用教程

鸿鹄论坛: <http://bbs.hh010.com/>

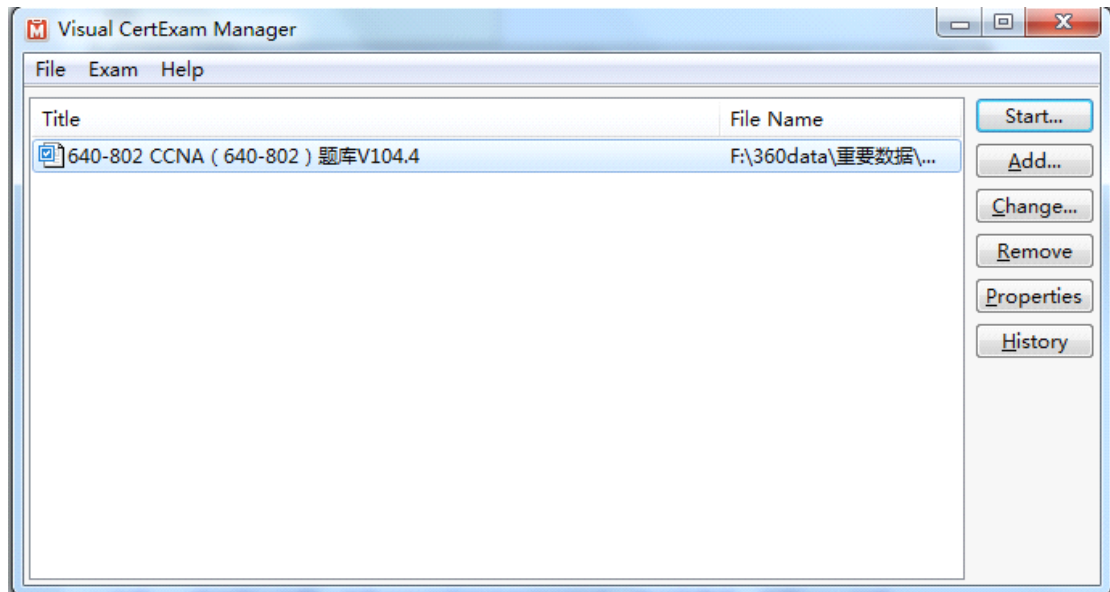

1. 打开 Visual CertExam 软件

名称	修改日期
 applauncher.exe	2012/10/23
 changelog.txt	2012/10/23
 license.txt	2012/8/16 :
 manager.exe	2012/10/26
 pos.dll	2012/10/10
 sqlite3.dll	2012/10/10

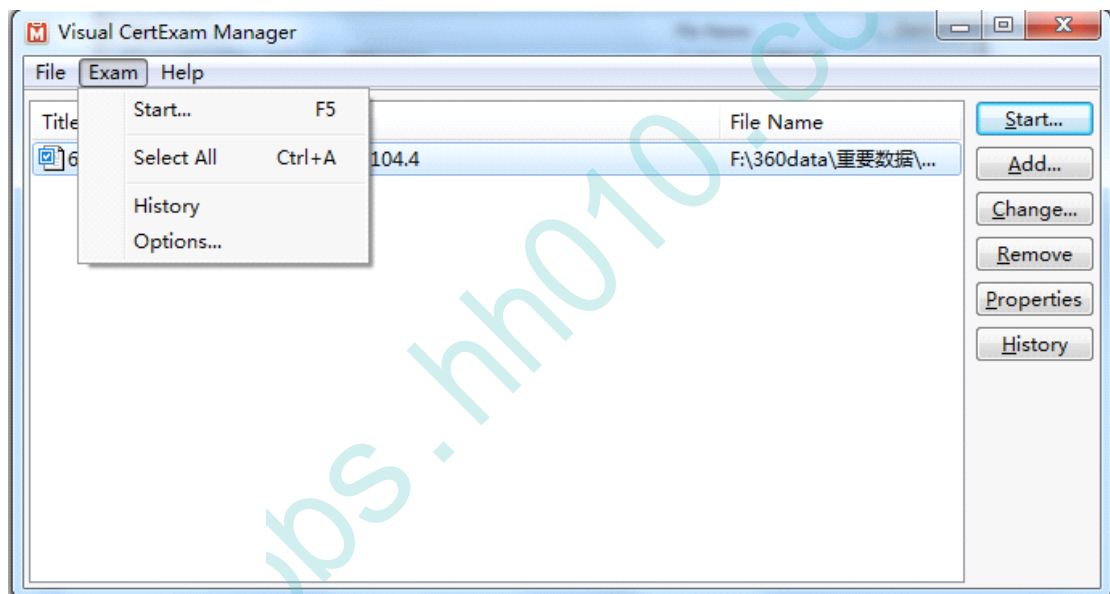

这里提示要升级，选择 cancel，不要升级。此版本为破解版，升级后将无法正常使用。

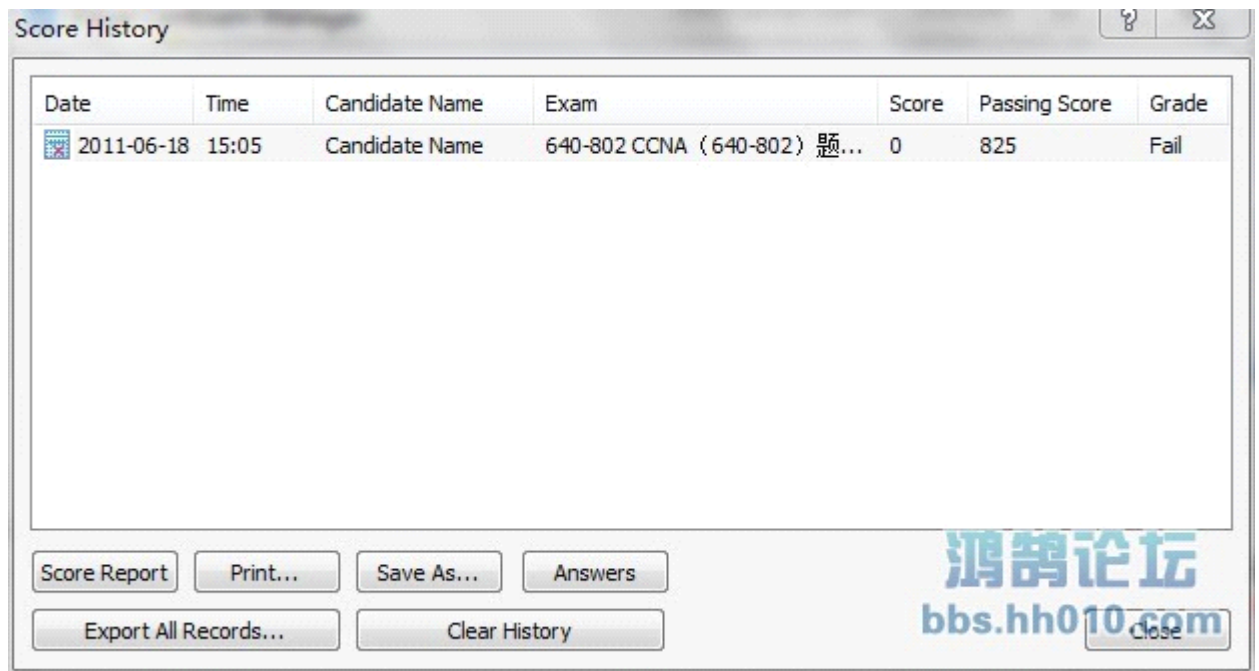

2. 选择 Add 按钮添加.VCE 格式后缀题库文件

3.选择 **start** 直接可以做题，但是该软件不仅仅有这些功能，请往下看吧，选择 **Exam** 按钮

4.如上图所示选择 **history**，对了，这就是每次做题的历史记录，可以看到自己历次的成绩

5.再回到 3 中选择 **Operation** 选项，如图所示

Randomize questions--勾选表示题目顺序随机。

Randomize choices where enable-勾选表示题目的 ABCD 等选项随机。选项随机后会导致部分题目答案和解释不能对应，这点要注意。

6.回到2中，选 **strat** 开始做题，可以选择做所有题目或者自己选择题目的类型，这样便于重点练习自己不熟悉的知识点，查漏补缺，底部 **Time on** 选项，默认考试时间是120分钟，可以根据自己的情况适当设置做题时间。

The screenshot shows the 'Exam Mode for Standard Exam' dialog box. It includes a 'Candidate name' field, an 'Exam Mode' section with radio buttons for 'Take selected exam' (selected) and 'Take questions from selected sections only'. The 'Take selected exam' option has a dropdown menu showing 'Exam A'. The 'Take questions from selected sections only' option has a list of sections with checkboxes and question counts: part 1 (50), part 2 (50), part 3 (50), part 4 (50), part 5 (45), and Drag n Drop (12). Below this list are 'Select All' and 'Deselect All' buttons. There are also radio buttons for 'Take 264 questions from entire exam file', 'Take question range from 1 to 264', 'Take questions that I have answered incorrectly 0 or more times', and a checkbox for 'Training mode'. The 'Timer' section has a checkbox for 'Timer on' (checked) and a 'Time limit (minutes): 120' field. Red arrows and text annotations point to various elements: '选择全部题目' points to the 'Take selected exam' radio button; '分部分练习，每一部分大约50题' points to the section list; '随机抽取x题练习' points to the 'Take 264 questions from entire exam file' radio button; '抽取第x到M题练习' points to the 'Take question range from 1 to 264' radio button; '练习易错题' points to the 'Take questions that I have answered incorrectly 0 or more times' radio button; '这个模式下，答错题点next会有提示' points to the 'Training mode' checkbox; and '设定考试时间，也可以不设时间' points to the 'Timer on' checkbox.
